**Part III REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a data processing apparatus comprising means for receiving a drawing command based on data generated by an application program; first acquiring means for acquiring a local ID which indicates a country or area from a printer driver; locating a resource based on the local ID; second acquiring means for acquiring default font data from the resource file; conversion means for converting the drawing command which does not have a font face to intermediate code data using the default font data, and means for generating print data which can be interpreted by an external device, based on the intermediate code which has the default font data as claimed in claim 1. Similar features are claimed in claims 9, 17, 19, 21, and 30. Therefore, claims 9, 17, 19, 21, and 30 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
